

# **Awaji Art Circus (AAC) 2025 and 2026**

## **Open Call for Artists/Performers**

We are conducting two Open Calls simultaneously for 2025 and 2026, with each corresponding to a different year. Artists will be selected separately for the 2025 and the 2026 editions. You are welcome to apply for the 2025 edition, the 2026 edition, or both years, depending on your schedule and availability.

## **1. AAC OBJECTIVE**

Awaji Island, located in Hyogo Prefecture, is considered to be the Island of Japan's Origin and is known for its beautiful natural surroundings and tasty food. However, in recent years, the island faces serious issues such as population outflow as well as decreasing birthrate and aging population.

### **1. Based in Awaji Island, AAC has three distinct missions:**

- 1) One is to bring about **increase in population flow and local economic consumption** leading to regional vitalization whilst utilizing local resources.
- 2) The other is **to let the world know the appeals of Awaji Island** and more broadly Japan. AAC aims to become a new local tourism attraction and attract people from within and outside of Awaji Island.
- 3) Last but not least, **to develop art and culture on Awaji Island** and **to create a chance for Japanese people to get to know international art of different genres.**

To have an image of the festival, you can check the highlights of Awaji Art Circus 2023.

## 7. HOW TO APPLY

To apply please fill in this Online Google form. Don't forget to upload your performance photos and mention the link with the video of your performance.

<https://forms.gle/cLqZGyWSi4S9CyBN7>

About application video. It shouldn't be too edited to understand the contents of the performance (especially if you use words in your performance). If you are in a group, please send a video which shows the same number of performing members as you intend to arrive with. (e.x. you shouldn't send us video of 25 participants if you apply with 3). The video should be clear, easy to understand, and impactful. Be aware that the quality of the video creates the image of your performance and that is the primary way of understanding your work.

## 8. APPLICATION DEADLINE

Applications must arrive by **March 14 (Fri), 2025, 11:00 PM JST (Japan Standard Time)**

\*Please note applications will not be accepted after the deadline under any circumstances.
